- 1 The subtitle of this small book is: A Concise History of the Introduction of Modern Technology in Afghanistan.
- 2 This book had been prepared for the program of mobile libraries in Afghanistan. It tries to give some information to the younger generation on different types of technologies considered as modern in Afghanistan. It is designed in form of questions and answers between the teacher and schoolboys. In each lecture one item will be discussed between the two parts. The topics discussed are for example as follows: watches, electricity, telephone, telegraph, radio, television, printing.
