- 1 The author of this sophisticated essay seeks to trace the development of the shrine of Şafî al-Dîn, the spiritual founder of the Safavid dynasty, as the Safavids themselves turned from a Sufi *silsila* to a royal dynasty. Using sources such as the *Şafvat al-şafâ* and the « Sarih al-milk », she reconstructs the evolution of the architecture and ceremonial of a Sufi shrine that, during the reign of Şâh Ṭahmâsb I, came to symbolize Safavid regal authority.
