REFERENCES

STORPER M., *Institutions, incentives and communication in economic geography*, Heidelberg, Franz Steiner Verlag, Hettner Lecture 2003, 102 p.

- 1 This book presents the text of the Hettner Lecture 2003, held in the department of geography of Heidelberg. The author discusses economic geography, especially society, community and econometric mechanisms. The book deals with econometric mechanisms rather than with economic geography. No maps, no figures, a lot of theoretical concepts.
